

**BioGlove** is a forward-thinking, eco-centric company focused on improving people's health worldwide. We find, innovate, and bring new healthcare products to all people globally.

**Protecting the health of all generations and the environment**

## Product Description

### Skin and Surface Protection Products

#### 12+ Hours of Hand Skin Protection from a Single Application

Unlike alcohol-based sanitizers that provide no lasting protection after the alcohol has evaporated, BioGloves' proprietary formula bonds to the surface of the skin, protecting you from germs for **12+ hours**.

#### Ongoing Protection--Even After Hand Washing

**BioGlove** is proven to maintain effectiveness through up to 10 hand washings! BioGlove sheds naturally as the skin regenerates a new layer.

#### Better Value Than Alcohol-Based Hand Sanitizer

A 2oz bottle of **BioGlove** Hand Sanitizer is designed to provide a single user with anywhere from 60-90 days of all-day protection from germs. **BioGlove** is applied as a fine-mist spray. Minimal quantity is required per application to achieve full protective coverage. In other words – a little bit goes a long way!

#### Completely Safe

**BioGlove** is alcohol-free, triclosan-free, non-toxic, and completely safe for kids, pets, and the environment.

#### Alcohol-Free (Doesn't Dry Your Skin)

Contains soothing botanicals that soften your hands to prevent drying, redness, and chapping (and it smells nice!)

## All-Day Peace of Mind in a Single Use

| Comparison   | BioGlove    | Alcohol Sanitizer | Explanation  |
|--|-------------|-------------------|--|
| 12+ Hr Protection with one application                               | <b>Yes!</b> | No                | BioGlove protection is long lasting. Alcohol only lasts up to 30 seconds until alcohol evaporates            |
| Complete non-alcohol and non-toxic ingredients and formula           | <b>Yes!</b> | No                | BioGlove has no hazardous or unpleasant ingredients. Others have 60+% Alcohol Content                        |
| Kills bacteria, viruses, and fungi on contact and protects for hours | <b>Yes!</b> | No                | BioGlove kills the widest spectrum of bacteria, viruses and fungi on contact of any available hand sanitizer |
| Gently moisturizes sensitive skin                                    | <b>Yes!</b> | No                | BioGlove leaves skin soft while alcohol sanitizers cause drying, chaffing, and cracking of skin              |
| Prevents pathogen mutation (Superbugs)                               | <b>Yes!</b> | No                | Alcohol sanitizers can encourage superbugs in some circumstances   |
| Eco-Friendly   | <b>Yes!</b> | No                | BioGlove is Environment friendly with no toxic ingredients   |
| Clean, refreshing scent  | <b>Yes!</b> | No                | BioGlove has pleasant scent and doesn't need to cover up unpleasant alcohol odor                             |

# 12 HOUR

ANTISEPTIC HAND SKIN SANITIZER  
NANOTECHNOLOGY

32 oz **BioGlove** Jug

2 oz **BioGlove**  
Personal Use Pump

Long Lasting

BioGlove continues to protect for 12+ hours. Continues protecting even through 10 hand-washings.

Alcohol-based hand sanitizers stop protecting seconds after application.

Novel Science

BioGlove dries to form an invisible barrier of nano-spikes on the skin.

These spikes puncture the cellular walls of offending pathogens – killing them instantly.

Safety First

BioGlove is 100% alcohol-free, triclosan-free, and non-toxic.

Completely safe for kids, pets, and the environment.

Better Value

A 2oz bottle of hand sanitizer provides 60-90 days of all-day germ protection.\*

Applied as a fine-mist spray, very little is required to achieve full protection & all day coverage.

- Refillable

## Bottle Buy Back Program

In an effort to maintain the smallest carbon footprint possible **BioGlove** has established a bottle buy back program that will allow you to be credited for returning your used bottles. All you need to do to enroll is let your **BioGlove** representative know you are interested and we will send you the pre-addressed shipping label. Once you are ready to return you simply pack up your **BioGlove** reusable bottles and ship them back using the prepaid label. Once we receive your bottles we will credit your account for your next order.
